

ENGÁNCHATE AO GALEGO!

What is it?

Elos is a programme to pair language partners to speak in Galician.

What are language partners?

Two people who arrange a meeting to speak. One of them wants to learn to speak Galician, or wants to improve their competence in the language, and the other one collaborates to teach them. In turn, the person learning Galician may also teach a new language to the person who is helping them.

Who can participate?

Anybody, from here or from abroad, who wants to learn to speak Galician and has one hour a week to spend on this learning.

Anybody who can speak Galician and is available one hour per week and willing to help other people to learn our language or improve their competence in it.

How is it useful to me?

To be able to understand any information better. To start speaking Galician. To find a person to practice with. To have a deeper and better knowledge of the people and the culture of this place.

To make new friends. To get to know other realities and cultures. Maybe the other person can help you with another language.

Also, the two of you may participate in complementary activities for free, including museum visits and guided tours in Compostela with which you can gain a deeper knowledge of the city and of Galicia.

How can I join?

By filling in the relevant registration form:

FOR PEOPLE WHO WANT TO LEARN

FOR THOSE WHO SPEAK GALICIAN AND WANT TO COLLABORATE

at delingua.santiagodecompostela.gal

What's next?

After arranging language partners in pairs depending on their availability and the existence of common interests, we set an initial meeting. This meeting will involve mediation by a coordinator and will take place preferably face to face (at the Departamento de Lingua [Language Department], Espazo Apego, Rúa República do Salvador, 12). We will not share any personal data with either member of the pair until the two people have confirmed that they accept the pairing. After that, the two of you will work independently, with the commitment to talk in Galician for at least one hour a week. We will organise historical and artistic routes and museum visits periodically for you to expand your contact with the language and find out more about our cultural context.

If you have any question
